Dedication

To the millions of our children who are denied
of their basic rights and to our women for
whom marginalization is still a way of life

MESSAGE

I am very happy that the Tripura State Council For Child Welfare is celebrating its Golden Jubilee and is publishing a commemorative publication on the occasion.

The spirit of commitment of the members of TSCCW have in these 50 years focused on a wide range of child welfare activities from the ameliorative to the developmental with great dedication and zeal.

I send my greetings and good wishes on five decades of committed service and urge all members to continue efforts in the service of the children of Tripura and ensure for them a bright and secure future.

(Smt.) Gita Siddhartha
President
Indian Council for Child Welfare

Forward

It gives us pleasure that the Tripura Council For Child Welfare, an affiliate to Indian Council For Child Welfare New Delhi, on the occasion of 'Golden Jubilee Celebration' on its completion of 50 years of relentless services is going to publish a Souvenir – WE CARE the background of the progress and development of the council is that the members and favouring patrons of the state are determined to rendering sincere services for the welfare and upliftment of children and women in distress. Since its inception in 1965, with the active support of ICCW, New Delhi, our predecessors have ventured to give a prestigious shape of our council working for the cause of destitute women and abandoned children which have encouraged us to go ahead to fulfill their incomplete task and desire.

We must be proud of our dedicated activists for making the council popular to the people of Tripura for our commitment. But there is no scope to be complacent rather we should strive to give our best for the worst sufferers of the society. In conclusion, I would like to congratulate all the members, patrons and well wishers of TCCW for successfully organizing the programme with the sincerest support of Mrs. Gita Siddharth, our president ICCW, New Delhi who has been encouraging us all along to move forward in achieving our goal.

Niharendhu Majumder
President, TCCW

Preface

Five decades ago a group of visionaries realized that our children have a right to healthy, safe and equitable life. They founded our council with affiliation of Indian Council For Child Welfare. They left us for heavenly abode leaving a great task to carry on.

The entire history of 50 years of this council is the zeal of voluntary enthusiasm to bridge the overarching shadow that darkened the lives of our children and women, a realization of need of dedication to build a non exploitive society for the children and women. We hope such a commitment would continue in the years to come. But we are still far away, far distant, and far in our endeavor 'to care'

On the eve of Golden Jubilee Celebration, so the narration in this 'We Care' is not a presentation of overarching shadow in a golden frame.

While debates about the 'how' of providing for children are likely to continue, the indisputable fact remains that we are lagged behind in all, or most of all, standard norms of child care and riddled in a paradoxical addressing; child mortality decreased in country enchanting activist where in child ratio is decreasing in a alarming rate. Parents exercise parental and tutorial duty but little has been done to counter the joust of consumerism which shattered our social and family relations, collective enterprise is side stepped by individual venture.

In the second half of twentieth century some social scientists held aggressiveness is an essential aspect of evolution and justified control over the weak and helpless.

We are staunch supporter of the counter position to the concept of selfishness. We believe that working cooperatively with other members of the same species is not only natural but also intrinsic to all human or forfeit our right to being known as homo sapiens, the wise man. Wise man do not inflict cruelty on helpless children & women.

However table is set for debate, discussion, contradictions- which side of the table advocates for conferring every right to children is our concern. All of us who are committed to uphold the rights of children weightage must be given to the views of children.

For well being of the children the poor cannot afford to pay for services in areas like education, health and nutrition. Government has prime responsibilities but unfortunately the programmes run by the Government shot through feudal mind set. As for budgetary allocation majority response seems to be for spending higher percentage of revenue collection in social sector. However it is not only children of poor who have a less than satisfactory childhood, many affluent families have problematic environment. One side it is poverty other side it is precept. So we need to focus our attention to physical and social environment of Indian children, their health status, sexual exploitation, labour and their aspiration.

Tripura Council For Child Welfare traveled a long way with passing memory of shadow and light, failure and success, apathy and zeal but journey continued. And will continue and if 'commitment continue to gather momentum the balance must be tipped in the favour of children in difficult years to come...' (Mrs Gita Siddharth , President ICCW).

Biplab Kar

General Secretary, TCCW

Reverential Respect

Most of our founder members passed away, also a few senior eminent members left us forever. They had a dream to carry our council to an optimum height so that the suffering of children and women of our state might be addressed. The unfinished task of them is to be shouldered hopefully by us for proper implementation of their concept, ideas and plans. If we can go ahead successfully in translating their mission and vision to reality, this will be the best homage to the departed souls.

OUR CHILDREN & WOMEN

Overviews

Children and Women

*The world is a dangerous place,
not because of those who do evil,
but because of those who look
on and do nothing.*

- Albert Einstein

OUR CHILDREN

*Who have relegated to
the fringes of Society,
and very often over
the edge.*

INDIAN CHILDREN AT A GLANCE

Mortality – 47

Population – one third of total population of India

Nutrition level – one out of every two children is suffering from malnutrition

Gender quality – Girls have higher mortality, 61% more than boys (1 to 4 age group)

Labour – 11.4% of children

Protection – infant killings increased. 25% more than in 2000 A.D.

PERPETRATORS OF CRIME AGAINST CHILDREN

In her views Dr. Ananda Laxmi, the milieu of Indian marginalized child is shaped to a significant extent by adults who wield power and control over children in a variety of capacities and questionable ways - be it a parent, a school teacher, a warden in an institution, a policeman or brothel owner. It is apparent that the perpetrators of crimes are often the very adults entrusted with their care.

CHILDREN 'Seen but not heard'

Sound in theory that India stands committed to the convention on the rights of children to conferring children the right to participate in decision affecting them , but wanting in practice, guided by Victorian precept 'seen but not heard' control our children conceding little respect to their autonomy or views.

‘THE LESSER HALF’

Girl is trained to be obedient, submissive and forbidden for any emotion. She has to work hard for adult approval; her ego and strength erodes in a sense of unworthiness.

At the turiyan leaf trembles
with the gust of wind
my heart trembles at the thought
that I may give birth to a daughter.....

I.P. Sing

The 'lesser half' of India's children steadily disappearing in population map.

As per census 2011 there has been a considerable decline in the child sex ratio from 927 (2001) to 919 in the year 2011 (child ratio is the no of female per thousand male in the age group 0-6 years).

"Despite a law to curb female foeticide a child ratio in India has gone down over the last 20 years" – Harshabardhan, Union Health Minister.

Where all these girl children have gone !

Female foeticide

The upper middle and rich classes who avail of sex selection method have preference of fewer children and that too children who are male.

Female infanticide

In many parts of the country the parents adopt gruesome method to kill their unwanted daughter. A few means include; strangling the children, dumping her in garbage bin burying her alive, starving her ***** !!

(source : National Institute of Public Cooperation and Child Development).

" It's the greatest poverty to decide that a child must die so that you may live as you wish."

--- Mother Teresa

OVERVIEW

Children with Disabilities

Have little opportunities to express their views freely and are often excluded in their families, communities and at school. Many cannot access information and therefore lack opportunities for developing and expressing views.-- (UNICEF, 7th Session).

Not less but different –Radhika Alkazi

In an agricultural peasant's society children with mild mental impairment may not be viewed as disabled as long as they are economically productive, unlike children who having lost a limb or their vision, may not be able to participate in agricultural task. But in an urban society, mental impairment is viewed more as a disability.

We cannot define children only in terms of their deficits and then attempt to include them in a society.

Radhika Alkazi.

35% children are deprived of even primary education due to disability

Though inclusive education is a mandate but schools frequently end up paying lip service to inclusion.

United Nations on the rights of person with disabilities (UNCRPD)

The United Nations Convention on the Rights of person with Disabilities (UNCRPD) reflects that disability is a human rights issue that requires deep understanding and strong and specific action.

In all actions concerning children with disabilities the best interests of the child shall be a primary consideration. (Article – 7 of UNCRPD).

Children with disabilities should have equal access to participation in play, recreation and leisure and sporting activities including those activities in the school system. (Article – 30 of UNCRPD).

Persons with disabilities are not excluded from general education system on the basis of disabilities and that the children with disabilities are not excluded from free and compulsory primary education or from secondary education on the basis of disabilities. (Article – 24 of UNCRPD).

CHILD Labour

The vicious cycle

The popular notion that child labour helps improve the economic condition of the poverty stricken families, in contrary, it actually pushes the families into further poverty, and often for generations. Children start working to support family, by the time they are old enough legally to work, they are no longer in a position to do so because of serious work induced ailments. The cycle continues with younger siblings being forced to work in order to support their parents and sick old siblings.

our WOMEN

In poverty she is often the first to sacrifice her right to adequate food, and has to work throughout her pregnancy and often right up to the time of delivery.

In modern India women have held high offices in India including that of president of India, Prime Minister, Speaker of Lok Sabha, leader of opposition in Lok Sabha.

But in the same breath, Indian women continued to face atrocities such as rape, acid throwing and dowry killing and forced prostitution of young girls.

According to UNICEF's state of world children 2009 report, 47% of India's women aged 20-24 were married before the legal age, rising to 56% in rural areas.

INSTITUTIONAL CARE

“ For Institutional care govt. schemes are pegged to numbers and targets, and grants are released on the basis of these numbers. Children, thereby become hostage to the schemes.

Moreover, the low quantum of funds provided as against actual need, institutions which are unable to supplement funding, can only provide sub-standard care.”

Adoption from Sishu Greha

Total number of children given adoption till October,2014 – 386

Eligibility

- Age – Composite age of couple -110 years maximum
- Income – sufficient to support
- Medically fit

Procedure for adoption

- Free adoption form available at Agartala and Udaipur offices.
- Submission of filled up application form
- Social workers field visit
- Choice of Baby according to seniority and approval from C.W.C
- Foster care (optional)
- Legal procedure
- Final adoption

Childline is a national, 24 hours, free emergency phone and outreach service for children in need of care and protection. Project supported by the union Ministry of Women and child Development and linking state Government, NGOS, Allied systems and corporate sector.

Childline reaches out to the most marginalized children with the aim of providing them rehabilitation and care from unsafe situations. Childline provides relief and rehabilitation in the space of shelter, medical aid, repatriation, rescue, emotional support and guidance. So, If you see a child in distress, call 1098.

Tripura council working as support organization of Childline has been doing a job pertaining to child protection issues in Agartala and its outskirt. Performance of support organization as follows:-

- 1) Rehabilitation of a good no. of orphans to different shelter home.
- 2) Medical aids were extended to a few street children and some other economically backward children.
- 3) Rescued a few child labours
- 4) Extended emotional support and guidance to some children members of a broken family
- 5) Rescued some missing children and repatriated them
- 6) Rescued a few abandoned children and arranged restoration to sishugreha in consultation with CWC.
- 7) Prevented one case of child marriage

Special achievements in respect of publicity of child line

The support organization of CHILDLINE under Tripura Council For Child Welfare has been able to pursue and convince the Gomati Corporation Milk Producers union to have a print-out of the logo of Childline in each milk packet which obviously made a wide publicity of childline amongst the urban family of the society.

Also, the deposit and withdrawal slip of the Urban Cooperative Bank contain the logo of childline which was simply possible by the constant persuasion of childline support organization with the bank authority resulting in huge interest and curiosity amongst the clients of the Bank to know the role of CHILDLINE in society.

A child in danger is a child that cannot wait-
Kofi Annan

ANGANWADI

Anganwadi means courtyard shelter in Indian languages, were started by Govt. of India in 1975 as part of integrated child Development Services Programme to combat child hunger and malnutrition. These centers provide supplementary nutrition, non-formal school education, health education, immunization etc.

Tripura Council For Child Welfare runs the Anganwadi Training centre located at AD Nagar, Agartala. The centre imparts training to Anganwadi workers deputed by Social Welfare and Social Education Dept. the Govt of Tripura.

REHABILITATION PROGRAMME

relations

Sometimes relations in the families are put under strain and family members feel isolated or overlooked and unhappy. Often family becomes a source of inter personal difficulties. In the evolving modern consumers market economy, demands increased by manifolds. The frustration of non-fulfillment of demands reflects in social relations. Conservative relations are also subject to change in changing economic condition. The changes are rapid but society cannot evolve new formation with that rapidity; resulting in broken and fragmented families. 'As a strapped economy jousts with trappings of a consumer economy, where every milestone, every festival, every birth, marriage and death and gift is wrapped in glossy consumerism, the price we pay is life itself.'

Since the family is a system as a whole, neither the individual nor the family is blamed for any problem. They can jointly participate in finding solution. Family counseling can help one understand and cope better with the stress and strain of the family life. Tripura Council For Child Welfare came forward and established its first family counseling centre at Agartala and then another one at Udaipur .

Counseling in session.

Golden Honour in **Golden Jubilee**

RIPA OF BELONIA (TRIPURA)

wins National Bravery Award

'Ripa', a seven year old kid rescued her one year old brother from a devastating fire accident at Belonia Subdivision, 100 km away from the capital town of Agartala.

Sensing the presence of fire in a room while they were sleeping together, the mother and grand mother of Ripa rushed out of the room leaving behind Ripa and her brother. But when the flame of the fire nearing them with aggression, Ripa was not perplexed at all, rather quietly and steadily holding her brother in chest made her way out of danger fearlessly with her stamina in tact. This gallant life-saving effort was witnessed by a lot of neighbouring people outside who became spell bound by experiencing the strong determination and ready-wittedness of this little girl.

Having come to know about the fact Tripura council for child welfare visited the place of occurrence and interacted with Ripa and her family members. Being convinced and satisfied, the council recommended and referred the case to Indian council for child welfare for considering her name for National Bravery Award. Also, the TCCW has decided to give away the All India Radhendu Sekhar Award-14 to Ripa for her courageous deed.

In the meantime we came to know that she wins the Bravery award for the year 2014-15. We are really overwhelmed with joy for her selection. We take pride in the outstanding strength of mind of this little girl of Tripura who might become the example to many a children of our society for courage, Bravery and ready - wittedness.

SPONSORSHIP PROGRAMME BY THE ICCW

Tripura Council For Child Welfare has rendered services to help poor school going children by providing them financial assistance under Sponsorship Programme of ICCW. Year wise break up of scholarship recipients:-

Sl. No	Financial Year	No. of children received grant from ICCW	Amount of Grant for each children per annum
1.	2006-07	7 (seven)	Rs.1,500/-
2.	2007-08	7 (seven)	Rs.1,500/-
3.	2008-09	7 (seven)	Rs.1,500/-
4.	2009-10	2 (Two)	Rs.1,500/-
5.	2010-11	2 (Two)	Rs.1,500/-
6.	2011-12	1 (One)	Rs.1,500/-
7.	2012-13	1 (One)	Rs.1,500/-

This year (2014) Tripura Council For Child Welfare had forwarded 24(Twenty Four) names of poor school going children to Indian Council For Child welfare, New Delhi for sanctioning of sponsorship grant in favour of them during the financial year 2014-15. Out of these 24, the ICCW sanctioned sponsorship for 23 children of Tripura.

ALL INDIA RADHENDU SEKHAR CHOUDHURY AWARD

Radhendu Sekhar Choudhury was a very common man with uncommon commitment. Coming of a very poor family he struggled hard for his existence. He had a strong feelings for poor and suffering people as he had seen poverty from within. Despite all adversities Sri Choudhury used to lead 'Simple Living' with discipline, Punctuality and humanitarian outlook. His urge for assisting weakr section of the society got no support from his fellow partners, on the contrary he was harshly criticized and ridiculed for his individual endeavour and action. As he was a hard nut to crack, with his unchanged views and self style he took forward his life with his own conviction and way of thinking. Being a petty employee, he spent a miserly life and planned saving money from his meager income and finally donated lion's share of his saving for the people working for the upliftment of downtrodden in the society. The hard earned money donated to Trustee Board under TCCW selects the citizens for their great exemplary activities from the state or outside.

Let us believe and hope that the people will duly recognize his contribution and we call upon all of them to give up all self centeredness to materialise his dream.
